

We are one of the youngest universities in Germany and think in terms of possibilities, not limitations. In the heart of the Ruhrregion, we develop ideas of the future at our 11 faculties. We are strong in research and teaching, live diversity, support potential and are highly committed to an educational equality that has earned this name.

The **University Duisburg-Essen (Campus Essen)**, Faculty of Chemistry, Biofilm Centre, Department of Aquatic Microbiology, offers a

PhD student position (f/m)
(salary equivalent to TV-L 13)

Your tasks:

Participation in the ERC research Project EcOology focusing on principles of ecosystem assembly. We will study ecological principles of microbial life and degradation activity in oil reservoirs.

Your profile:

We expect a master degree in biology, a background in analytical chemistry including GC/MS and LC/MS as well as experimental microbiology

Start of position: as soon as possible

Contract period: 36 months *(In accordance with a change of regulations in the Act of Academic Fixed-Term Contract ("WissZeitVG") since 11.03.2016 the actual duration of the contract might depend on individual qualifications of the applicant)*

Working time: 65 percent of a fulltime-position

Application deadline: 22 May 2017

The University Duisburg-Essen aims at promoting the diversity of its members
(s. <http://www.uni-due.de/diversity>).

The University Duisburg-Essen has been awarded for its effort to promote gender equality with the "Total-E-Quality-Award". It aims at increasing the share of women in the scientific personnel and therefore explicitly encourages women to apply. Women will be preferentially considered when equally qualified according to the state equality law.

Applications from disabled or equivalents according to § 2 (3) SGB IX are encouraged.

Applications and inquiries with reference-code 244-17 should be addressed to:
