

VAAMentoring - FROM Microbiologists FOR Microbiologists

Application as a Mentee

VAAMentoring is meant to accompany and advise young scientists on career opportunities and perspectives within and outside of academic research. The specific orientation of the program according to the motto "FROM microbiologists FOR microbiologists" is a special feature. The 1:1 assignment of mentees and mentors also ensures an intensive support and tailored advice. 1-2 meetings of the tandems are planned per year, one of them at the VAAM annual meeting, additional meetings/ contacts according to personal agreement and demand.

Goals of VAAMentoring:

- Identifying competences and skills of the mentees (personality development)
- Defining specific interests, goals and skills of the mentees
- Advice on the development of career paths and strategies for this purpose
- Career-/Interest-related shaping of the academic path

For optimal matching of the tandems we ask you for information on the following points:
