

Microbial Regulation 2026

Symposium of the VAAM special group Regulation

September 21-22 SYNMIKRO Marburg

Why attend?

Join us for a dynamic two-day symposium exploring cutting-edge topics in microbial biology

Highlights of the Symposium:

Keynote talks from selected experts
Selected talks from (your) abstracts
(abstract deadline: August 17, 2026)
Poster session + Poster Prize
Lots of Networking opportunities

(especially) for students,
Postdocs and early career
scientists

Topics

Stress adaptation & DNA repair

Microbial Discovery & Lab automation

Ribosome heterogeneity & gene expression

Microbial Motility & surface interaction

Regulation by nucleotide messenger

Speaker

Susanne Brenzinger, EMBL, Heidelberg

Lars-Oliver Essen, University of Marburg

Elena Evguenieva-Hackenberg, University of Gießen

Mathilde Guzzo, CNRS Lyon

Florian Rosiné-Hamelin, University of Lausanne

Stephan Wimmi, University of Cologne
